

— MANPOWER RECRUITMENT · SINGAPORE · SINCE 2015

Right person. Right job.

A manpower partner that delivers screened, compliant, work-ready hires — across eight sectors, sourced from five nations, and managed end to end.

Hiring shouldn't slow you down.

An empty seat on a worksite is lost time, missed deadlines and pressure on the team that stayed. Yet sourcing skilled foreign manpower is a maze of interviews, paperwork, medicals and regulation — easy to get wrong, costly when you do.

EMPAGE PRO exists to take that weight off your desk. Since 2015 we have been the single, accountable partner that finds the right people, clears every formality, and puts them on site ready to work. One brief to us; one point of contact; one standard you can count on.

Speed when it counts

Live sourcing channels in five countries mean we move from brief to shortlist in days, not months — so a vacancy never becomes a bottleneck.

Compliance, fully owned

Documentation, medicals, PDOC and government formalities are handled in-house. You receive workers who are cleared, legal and ready to start.

Fit, not just headcount

Every candidate is screened, interviewed and verified against your brief. We send people who can do the job — not just bodies to fill a seat.

“We don't fill vacancies. We place people who keep your operation running.”

Three phases. One accountable partner.

From the first interview overseas to a worker's first morning on your site, EMPAGE PRO owns every phase. Take the whole journey or only the stage you need — the standard never changes.

01
